This puppy sales contract legally binds the Breeder and the Purchaser on the following conditions:

The breeder has followed the American Kennel Club Guidelines and used the Kennel Club health schemes and certification to ensure that the sire and dam are sound breeding stock. The

puppy has been reared in a home environment and have been wormed at six weeks and received their first round of vaccinations as well as a sub-cutaneous microchip identification. The puppy is believed to be in good health and will be examined by kennel veterinarian at 6 weeks of age.

The purchaser is strongly advised to have the puppy vet checked within three days of collecting the puppy. If the vet certifies that there is any problem which makes the puppy unfit for sale, provided the puppy is returned in the same condition as when it was sold, and within seven days, the breeder will take the puppy back and refund the full purchase price. A signed statement from the examining veterinarian must accompany the returned puppies stating any and all health concern or diagnosis of disease found at the time of their fitness exam. The breeder will not pay expenses incurred in the return of a puppy nor accept any claim for distress caused by the return. The breeder reserves the right to have said puppy examined by their veterinarian to confirm any health issues raised or diagnosis indicated by buyers examining veterinarian.

The breeder/seller will provide an AKC Litter Certificate and an AKC Registration Kit including New Puppy Handbook care packet, as well as 1 months complementary AKC provided health insurance that will be renewable by the owner/buyer at their discretion

The breeder has enquired of the purchaser his or her past experience with dogs and with this particular dog breed and on the basis of the information received is willing to place a puppy with the purchaser. The breeder has pointed out to the purchaser the main conditions the breed is prone to and the health schemes followed to reduce the risk of such conditions. Every puppy is an individual and the breeder cannot be held responsible should conditions, genetic or otherwise, develop later in life.

The purchaser agrees that the dog will be kept in appropriate conditions for its welfare and health. It will be fed on a suitable diet for its age and condition and have appropriate exercise. It will receive all necessary veterinary care to maintain its physical good health. The dog will be kept under appropriate control and will not be neglected or maltreated in any way. The purchaser attests that he or she has not been banned from keeping a dog or any other animal by any legal court.

If circumstances occur where it becomes necessary to re-home the dog, the breeder must first be notified and be given an opportunity to take back the dog either by purchase (in the case of selling on) or to home it if it is in need of rescue.
